## Touch Screen Access

Offers drivers easy loadout operation from panel offerings that fit your application.

**Basic Indoor TSA**  
Easy touch screen access panel for indoor use, with heater

**Standard Indoor TSA**  
Easy touch screen access for indoor use, with heater and A/C unit

**Standard Outdoor TSA**  
Easy touch screen access panel for outdoor use, with heater, A/C, drip cap & sunlight-readable screen

## Facility Access Options

Ensure that only authorized users have facility access and are able to load-out product.

**Basic KA2025**  
Keypad entry unit for scale pre-staging and door/gate control

**Standard KA2025**  
Keypad & barcode scanner entry unit for scale pre-staging and door/gate control

**Master Intercom Station**  
Connects with up to 25 remote camera intercoms

**Door/Gate Opening System**  
Available as either single-bay or double-bay system

## In-Bay Controls

Provide drivers with complete bay controls for an easy loadout process.

**Truck Present Sensor**  
Helps confirm truck is in proper position

**Equipment Sensors**  
Confirm hose & ladder are stored after loading

**Sump Sensor**  
Used for overflow/spill detections

**Purge Light**  
Notifies operator when line is being purged

**Start Pause Ready**  
Activate or pause loading

## Accessories

For streamlined documentation connect a signature pad or printer to the TSA.

**Signature Pad**  
Connects via ethernet cable (indoor use only)

**Laser Printer**  
For printing receipts indoors

**Thermal Printer**  
For printing receipts outdoors
