KAHLER AUTOMATION

Subscription Software for system automation

THE MOST POWERFUL BULK MATERIAL HANDLING SOFTWARE JUST GOT EVEN BETTER

Take advantage of immediate benefits, greater access, exclusive features and valuable insights. Kahler Automation's subscription software plan will enable you to stay current with the latest technology, while real-time visibility of all site locations allow for better, faster operational decisions.

The cost-effective way to manage your investments.

- Simplify budgeting with upfront licensing costs
- Flexible subscription renewal dates and annual billing schedule
- Avoid unnecessary expenses from software updates and support
- Manage licenses as operating expenses versus capital expenses
- Support service expenses built into subscription plan

SUBSCRIPTION PLAN INCLUDES

ADMIN PORTAL offers a variety of administrative tools to help authorized users manage subscription plan benefits

UP-TO-DATE semi-annual releases provide you with the latest features, with no additional fees for software updates

REMOTE MANAGEMENT allows IT Managers/Regional Managers, etc to log into customer admin portal to ensure all sites are on the same software version

SELF-UPDATES minimize disruptions by allowing operators flexibility to download software updates when convenient

FREE SOFTWARE SUPPORT SERVICES during normal business hours; our experts will provide quick resolution to keep your site operational and avoid downtime
